

Full Range of Measuring Equipment

Measuring Capacity of Internal and External Diameters of 2000mm

NATA Certified Gauge Block Set – 88 Piece (QTY 2)

Gauge Block Calibration Unit

Granite Inspection Surface Tables

Hauser Projector – Magnification 10x 20x 50x 100x

Features: 600mm Diameter Screen

Mitutoyo Optical Projectors (QTY 2)

Mitutoyo Surftest -4 Surface Tester with Anti –Vibration Table

Taylor Hobson – Surtronic 3+ Surface Tester

Renishaw Ball Bar (QTY 2)

Rockwell C Hardness Tester (QTY 2)

Talyrond 31C Measuring Machine (roundness)

Capacity: 200mm Diameter @ 12kgs

Laser Measuring System

Features: Hewlett Packard Control

Capacity: 40 Meter Range

Accuracy: Linear – 0.01 microns (in controlled environment)

Faro "X" Laser Tracker

Portable CMM - 35m Distance

Brown & Sharp Microval Measuring Machine

Capacity: 500 x 400 x 300mm

Cordax Discovery 2 D28 CMM 1016 x 762 x 609

LK Coordinate Measuring Machine

- LKM4: Measuring Envelope of 2000 x 1000 x 600mm
- G90CS: Measuring Envelope of 1000 x 1000 x 800mm
- G90C: Measuring Envelope of 800 x 700 x 600mm

Accuracy: Measuring Accuracy of 1.8 + L/300

Volumetric Accuracy of 2 + L/250
